

JANUARY 5, 1990

Beginning on May 1, 1989 and continuing through December 31, 1989 I have attempted to index all Cumberland County residents and their nearest relatives who are mentioned in the obituary, wedding (including anniversary), and birth columns of the Carlisle Sentinel and the Harrisburg Patriot Evening News. Some duplications exist even though I endeavored to eliminate a listing for the Harrisburg Patriot Evening News if the same information was reported in the Carlisle Sentinel. "Nearest Relatives" include spouse, parents, stepparents and grandparents. Users must be aware that a great deal of additional information is available in the column itself because in many cases sons, daughters, brothers, sisters, in-laws, neices, nephews etc., are mentioned in wedding announcements and obituaries. Another item of note is the fact that obituaries printed in the Sentinel usually list parents and in many cases these are residents of Cumberland County in the 1800's. Users must also be aware that many weddings and births may not be reported for several weeks after the date of the event while for the most part deaths are reported within days of the occurrence. This delay is particularly important at year end when many 1989 events are published in 1990 newspapers and will be contained in the next index. Column Descriptions:

NAME	This of course identifies the individual. Where available, I have made special effort to list married ladies by both married and maiden names.
PAPER	This identifies the paper. SENT. identifies the Carlisle Sentinel; PAT. identifies the Harrisburg Patriot Evening News.
COL	W - identifies Wedding and Anniversary columns. D - identifies Obituary columns. B - identifies Birth columns.
DATE OF PAPER	This is the date the paper was published, not the date of the event occurrence.
ADDRESS	In most cases a place of residence is given for individuals listed in these announcements. Where given I have included it in these listings. In certain cases I have assumed the place of residence of a deceased spouse to be the same as that of the living member.

This index with accompanying disks containing the file is presented to the Cumberland County Historical Society to use for such purposes as they see fit, including, but not limited to publishing in some form (printed or otherwise) for sale to provide monies for the Society. I do however, request that such restrictions as are possible be placed on this material to prevent "any individual" or "profit oriented corporation" from profiting from my efforts.
