

JANUARY 1, 1994

This index runs from January 1, 1993 through December 31, 1993. I have attempted to index all Cumberland County Residents and their nearest relatives who are mentioned in the obituary, wedding, anniversary, divorce, birth and marriage license columns of the Carlisle Sentinel and the Harrisburg Evening News. Some duplications exist even though I endeavored to eliminate a listing for the Harrisburg Evening News if the same information was reported in the Carlisle Sentinel. "Nearest Relatives" include spouse, parents, brothers, sisters, children, stepparents and grandparents. This means the individual listed in the index may well be contained in the body of the announcement and will not be noted in the newspaper item "caption". Users must be aware that additional information is available in the column itself because in many cases nieces and nephews are mentioned in wedding announcements. Another item of note is the fact that obituaries printed in the Sentinel usually list parents and in many cases these were residents of Cumberland County in the 1800's. Users must also be aware that many weddings and births may not be reported for several weeks after the date of the event while for the most part deaths are reported within days of the occurrence. This delay is particularly important to note at year end when many 1993 events are published in 1994 newspapers and will be contained in the next annual index.

Column Descriptions

- NAME - This of course identifies the individual. Where available, I have made special effort to list married ladies by both married and maiden names.
- PAPER - This identifies the paper. "S" identifies the Carlisle Sentinel; "P" identifies the Harrisburg Evening News.
- COL - W - identifies WEDDING and/or ANNIVERSARY columns.
A - identifies ANNIVERSARY columns.
O - identifies OBITUARY columns.
B - identifies BIRTH columns.
D - identifies DIVORCE columns.
M - identifies MARRIAGE LICENSE columns.
- DATE OF PAPER - This is the date the paper was published, not the date of the event occurrence.
- ADDRESS - In most cases a place of residence is given for individuals listed in these announcements. Where given I have included it in this index. In certain cases I have assumed the place of residence of a deceased spouse to be the same as that of the living member.

This document was formatted and printed on acid free, archival paper.

This index with accompanying disks containing the file is presented to the Cumberland County Historical Society to use for such purposes as they see fit, including, but not limited to publishing in some form (printed or otherwise) for sale to provide monies for the Society. Whenever used for any purpose (other than normal reference) I request an appropriate credit or acknowledgement be given to my efforts. I also request such restrictions as are possible be placed on this material to prevent "ANY INDIVIDUAL" or "PROFIT ORIENTED CORPORATION" from profiting from my efforts unless the Historical Society is paid for such use.

The diskette accompanying this document is a file of the data base prepared on an IBM personal computer. The file contains 33,128 records.
